

**SPRINGFIELD WATER AND SEWER COMMISSION
P.O. BOX 995, SPRINGFIELD, MA 01101**

Date of Issuance: July 23, 2014

Contacts: Joyce Mulvaney, Public Communications Manager
Springfield Water and Sewer Commission
413-787-6256 ext. 182

FOR IMMEDIATE RELEASE

The Springfield Water and Sewer Commission recently shut down a section of a 54-inch transmission main that delivers water from Provin Mountain Reservoir to the City of Springfield and surrounding communities. As a result, the south end of Springfield, East Longmeadow and Longmeadow may experience slightly reduced water pressure.

Customers can help to alleviate reduced water pressure by avoiding outdoor watering and other recreational water use during peak demand periods, which occur from 6:00 to 8:00 in the morning and evening.

The Replacement Project for this transmission main is underway and will include total replacement of six miles of 54-inch and 48-inch pipe over a two-year period.

If you have any questions or concerns, please contact the Springfield Water and Sewer Commission at 413-787-6256 ext. 182.
