FOR IMMEDIATE RELEASE

**Water and Sewer Pipe Replacement Project and Traffic Information:
Central Street, Springfield, MA**

On behalf of the Springfield Water and Sewer Commission, private contractors will replace sewer and water pipes within Central Street from Madison Avenue to Pine Street. Construction is scheduled to begin the week of July 21, 2014 and continue through September 2014. Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. The westbound lane of Central Street will be open to through traffic during work hours. Eastbound traffic will be detoured via Cedar Street and Pine Street. Traffic will be managed with posted signs and police details.

The proposed work consists of replacing approximately 500 feet of water main pipe and approximately 500 feet of sewer main pipe. Final paving and site restoration will be completed in the spring of 2015.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-787-6206 with questions regarding this project.

END
