FOR IMMEDIATE RELEASE

Mandatory Water Use Restriction to be Lifted at 5:00pm Today

The Springfield Water and Sewer Commission is officially lifting the mandatory water use restriction for the communities of Springfield, Ludlow, Agawam, East Longmeadow and Longmeadow at 5:00pm today. Residents may resume normal water use and outdoor watering activities at that time.

The Commission thanks the residents in the affected communities for their cooperation and support during this emergency situation. Compliance to the water use restriction allowed the Commission to provide reliable water service to the communities while repairs were completed.

The emergency repair at our Provin Mountain facility in Agawam has been completed. The 60-inch transmission main was brought back online at 9:00am this morning and the system is operating normally.
