**FOR IMMEDIATE RELEASE**

**Traffic Update – Water Pipe Replacement Project  
Intersection of Central Street and Maple Street, Springfield**

On behalf of the Springfield Water and Sewer Commission, private contractors have been performing work to replace water pipes within Central Street from Maple Street to Madison Avenue. Construction will enter the intersection of Central Street and Maple Street on Monday, June 1, 2015. Work in this area is anticipated to be complete by the end of June (weather permitting). Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

This work is the continuation of a project to replace approximately 1,000 feet of water main pipe.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.
