**FOR IMMEDIATE RELEASE**

**Main Interceptor Rehabilitation Project**

**South End and Six Corners Neighborhoods, Springfield, MA**

On behalf of the Springfield Water and Sewer Commission, private contractors will be performing sewer system upgrades in Springfield's South End and Six Corners neighborhoods. The majority of construction will occur in the vicinity of Mill Street from Main Street to Chester Street. Construction is scheduled to begin the week of June 15, 2015 with expected completion in the fall of 2016.

Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM. Some work required for this project will occur during the overnight hours. Residents and businesses will be notified in advance of work that will occur outside of typical work hours.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.
