**FOR IMMEDIATE RELEASE**

**Water Pipe Replacement Project and Traffic Information  
Worthington Street, Springfield, MA**

The Springfield Water and Sewer Commission will replace water pipes within Worthington Street from Spring Street to Sackett Place. Construction is scheduled to begin on November 23, 2015 and continue for approximately four to six weeks. Typical construction hours will be Monday through Friday from 7:00AM to 3:30PM. Some work may occur outside of typical construction hours. No work will be performed on Thursday or Friday of next week due to the Thanksgiving holiday.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Beginning on Monday, November 30, 2015, Worthington Street from Spring Street to Sackett Place will be reduced to a single lane with alternating traffic flow. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

The proposed work consists of replacing approximately 2,000 feet of water main pipe. Final paving and site restoration will be completed in the spring of 2016.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.
