FOR IMMEDIATE RELEASE

Sewer Pipe Repair Project and Traffic Information

Tyler Street, Springfield, MA

On behalf of the Springfield Water and Sewer Commission, private contractors will repair sewer pipes within Tyler Street between Hancock Street and Orleans Street. Construction is scheduled to begin November 5, 2015 and continue for approximately two weeks. Final paving and site restoration will be completed in the spring of 2016. Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Tyler Street will be closed to through traffic, but will be accessible to local and emergency response traffic. Through traffic will be detoured onto adjacent streets which connect Hancock Street and Orleans Street. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.
