FOR IMMEDIATE RELEASE

Sewer Pipe Rehabilitation Project and Traffic Information

Union Street, Springfield, MA

On behalf of the Springfield Water and Sewer Commission, private contractors will rehabilitate sewer pipes within the intersection of Main Street and Union Street. Construction is scheduled to begin March 24, 2016 and continue for approximately four to six weeks (weather dependent). Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Union Street from East Columbus Avenue to Main Street will be closed to through traffic intermittently throughout the project depending upon the work that is underway. When road closure is required, eastbound traffic will be detoured to East Columbus Avenue and State Street, and westbound traffic will be detoured to Main Street and Fremont Street. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.

END
