FOR IMMEDIATE RELEASE

Sewer Pipe Improvement Project and Traffic Information

Alden Street, Springfield, MA

On behalf of the Springfield Water and Sewer Commission, private contractors will continue work to rehabilitate and replace sewer pipes within Alden Street as part of this year's Infrastructure Improvements Project. This phase of construction includes Alden Street from the intersection of Northumberland Street to 672 Alden Street. Construction is scheduled to begin September 12, 2016, and continue through the fall of 2016. Typical construction hours will be Monday through Friday from 7:00AM to 4:00PM.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. Sections of Alden Street from Northumberland Street to 672 Alden Street will be reduced to a single lane with alternating traffic flow. Traffic will be managed with posted signs and police details. Drivers are encouraged to seek alternate routes when possible.

We appreciate the patience of drivers and residents while this work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.

About the Infrastructure Improvements Project:

The described work is part of this year's Infrastructure Improvements Project. On behalf of the Commission, private contractors will be performing water and sewer system upgrades at multiple

**SPRINGFIELD WATER AND SEWER COMMISSION

locations within the City of Springfield. The project consists of replacing approximately 3,700 feet of sewer main pipe and approximately 7,400 feet of water main pipe, rehabilitation of approximately 6,300 feet of sewer main pipe, and replacement or rehabilitation of approximately 50 manholes. A map and list of all the locations where work will be performed may be found on our website:
