FOR IMMEDIATE RELEASE

**Pipe Improvement Project and Traffic Information
Intersection of State and Dearborn Streets, Springfield, MA**

On behalf of the Springfield Water and Sewer Commission, Baltazar Contractors Inc. will install a new water pipe at the intersection of State and Dearborn Streets. Excavation is expected to begin September 5, 2017, and continue for approximately two weeks. Typical construction hours are Monday through Friday from 7:00AM to 4:00PM.

This project entails the installation of a new water main connection to an existing transmission main within the intersection of State and Dearborn Streets. This work is part of the Commission's 2017 Infrastructure Improvements Project.

Due to the nature of this work, changes to traffic patterns and traffic delays are expected. The two middle lanes of State Street at the intersection will be closed, with one lane of traffic open in each direction. Local traffic and access will be managed with posted signs and police details.

The Commission appreciates the patience of drivers, pedestrians, residents, and businesses while this important work is being performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with questions regarding this project.

END
