**FOR IMMEDIATE RELEASE**

**Liberty Street Water Improvement Project**

On behalf of the Springfield Water and Sewer Commission, Jack Goncalves & Sons, Inc. will repair water pipes on Liberty Street, between Main Street and Dwight Street. The project is anticipated to start on Monday, July 8, 2024, and continue through November 2024. Typical construction hours are Monday through Friday from 7:00AM to 4:00PM, weather dependent.

During construction, pedestrian and vehicular traffic will be managed with posted signs and police details. Two-way traffic will be maintained. Throughout the duration of the project, on-street parking will be restricted in the construction zone.

The Liberty Street Water Improvement Project is being completed as part of the Commission's \$550 [Water and Wastewater Infrastructure Renewal Program \(WWIRP\)](#), a portfolio of more than 20 infrastructure renewal projects to modernize water infrastructure and improve service reliability and efficiency.

The Commission appreciates the patience of residents, businesses, pedestrians, and drivers while this important work is performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with any questions regarding this project.
