**FOR IMMEDIATE RELEASE**

## **Boston Road Sewer Improvement Project**

On behalf of the Springfield Water and Sewer Commission, Baltazar Contractors, Inc. will repair sewer pipes on Boston Road between Biddle Street and Hardy Street. Construction is anticipated to start Monday April 13, 2026, and continue for approximately two to three weeks. Work is expected to take place 7 AM-4 PM, with some overnight work, 10 PM-6 AM, planned.

Traffic management for both daytime construction and overnight construction will be implemented. There will be reduced lanes, but no complete road closures are planned. Traffic will be managed with posted signs and police details. Access to abutting businesses will be maintained.

**Daytime Traffic Management: Monday – Friday, 7 AM-4 PM**

- Boston Road, between Biddle Street and Kent Road, will be reduced to one lane of traffic in each direction.

**Overnight Traffic Management: Monday – Friday, 10 PM-6 AM**

- Southwest-bound lanes will be closed on Boston Road, from Springfield Crossing to Kent Road.
- Two-way traffic via the northwest-bound lanes will be maintained.

Upgrades are being completed as part of the Commission's annual Sewer Improvements Project to modernize sewer infrastructure and improve service reliability.

The Commission appreciates the patience of residents, businesses, pedestrians, and drivers while this important work is performed. Please contact the Springfield Water and Sewer Commission at 413-310-3501 with any questions regarding this project.
